

PETTIGREW & ASSOCIATES, P.A. RECOGNIZED ON PRESTIGIOUS HOT FIRM LIST

Pettigrew is only engineering firm in the region named on Annual Zweig Letter List

HOBBS, NM – October 12, 2010 – Pettigrew & Associates, P.A. (P&A) has received national recognition as one of the top 150 firms in the industry and a leader in the field of engineering. ZweigWhite has named **Pettigrew & Associates** on the **Zweig Letter 2010 Hot Firm List**, recognizing the Hobbs, NM based company as one of the most successful architecture, engineering, planning, and environmental consulting firms in the United States and Canada.

As the nation's leader in enhancing business performance for architecture, engineering, and environmental consulting firms, ZweigWhite conducts an annual review in search of firms that have outperformed the economy and peers to become leaders in their respective markets and disciplines. Rankings are based on a confidential survey conducted by ZweigWhite and are announced at the annual conference held in October.

"We were quite surprised to receive such great news," said Debra Hicks, PE/LSI, Principal Owner of **Pettigrew & Associates**, a full service engineering, surveying and construction materials and engineering testing firm. "The prestigious Hot Firm List includes many well known national and international engineering companies of significant size and scope; to be recognized in the company of such great organizations is truly humbling. We owe immense gratitude to our team at **Pettigrew** who have diligently worked so hard to ensure the company's success."

The Zweig Letter 2010 Hot Firm List is limited to firms based in the U.S. or Canada that derive the majority of their revenue from the practice of architecture, engineering, planning, environmental consulting, or allied disciplines. Firm rankings are according to the last three years of revenue and earnings for each company.
